**Habitat for Humanity®**

# VOLUNTEER SPOTLIGHT

## **Ken Bellet**

Meet Ken! Ken has been a volunteer with River City Habitat for Humanity since February of 2015. He has faithfully served on the Saturday Construction Crew since he started. Since 2015, he has assisted with 7-8 Saturday Construction Habitat Houses. Ken has also joined in on a Thrivent Global Village build in Costa Rica.

Ken began volunteering with Habitat when he took a special assignment in Jefferson City working with DeLong's Structural Steel Fabricators. He and his wife Janet live in Michigan but volunteers when he is in Jefferson City. They also have enjoyed being foster parents for years. He says his favorite part of volunteering with RCHFH is meeting the other volunteers because "Volunteers are the best people to make friends with."

Thank you Ken for everything you do for RCHFH!
