VOLUNTEER SPOTLIGHT

John Ford

Meet John! John Ford has been a Habitat home construction volunteer since 2014. John joined Habitat after retiring from the Missouri Department of Natural Resources. He wanted to be more involved in community service and Habitat came highly recommended by John's friends.

John has volunteered on the Tuesday Construction Crew, the Brush with Kindness Program and assisted with building one of our Thrivent homes. John's favorite part of volunteering is working with the other volunteers, the partner families and the personal satisfaction of helping others.

John resides in Jefferson City with his wife, Priscilla. They have been married 46 years!

Thank you John for everything you do for RCHFH!
